MIRZA MUHAMMAD JAMAL NASIR

London, UK | Mobile: **07946 759 658** email**:** mirzajamal750@gmail.com

LinkedIn: https://www.linkedin.com/in/mirza-jamal-mlengg/

AI/ML Engineer and Computer Science Educator with 5+ years of experience in **Machine Learning, Deep Learning, Computer Vision, NLP, and LLMs**. Skilled in **Python, neural networks, MLOps, and parameter-efficient LLM fine-tuning (QLoRA, IA³, PEFT)**. Fine-tuned a **7.2B-parameter Westlake LLM** using PEFT techniques for comparative evaluation on emotional-intelligence benchmarks. Experienced in AI solution development and computer science teaching since 2018. MSc Data Science (Distinction), University of Hertfordshire.

Work experience as an Engineer

Machine Learning Team Lead Engineer – Kyaas Solutions **Jun 2023 – Sept 2023**

- Led design of **10+ AI solutions** and ML architectures, improving client project efficiency by **25–40%** and reducing delivery time by **2 weeks on average**.
- Supervised a team of 6 engineers, **ensuring** 100% on-time delivery and improving quality with a **35% reduction** in post-deployment issues.
- Oversaw integration of MLOps pipelines across **12+ projects**, cutting deployment cycles from **14 days to 3 days** and ensuring **99.9% uptime** in production.

Senior Machine Learning Engineer – Sigma Square **Feb 2023 – May 2023**

- Implemented end-to-end MLOps workflows with MLflow for 5 enterprise projects, boosting reproducibility by 100% and reducing experiment debugging time by 60%.Worked on cloud-based AI deployments using AWS and Azure

Machine Learning Engineer – University of South Asia, Centre of Innovation & Entrepreneurship **Mar 2022 – Jan 2023**

- Built healthcare AI app trained on **50,000+ clinical records**, achieving **92% classification accuracy** and reducing diagnostic time by **20%**. Work with **12+ medical professionals** to collect, preprocess, and annotate **10,000+ diagnostic images**, ensuring high-quality training datasets.

Machine Learning Engineer– Zmedia Technology **Jul 2018 – Feb 2022**

- Delivered **20+ ML/DL projects** for clients in **5 countries**, achieving **15–25% process automation gains** and **$500K+ in cost savings** collectively. Created automated data pipelines that reduced preprocessing time by **70%** and cut training duration from **72 hours to 12 hours**.
- Deployed YOLO, LSTM, and GAN-based solutions with **real-time inference (<150ms)**, scaling to **50,000+ daily users** and boosting throughput by **40%**.

Work experience as a Lecturer

Artificial Intelligence and Data Science Instructor – The Punjab University Lahore, **May 2023 –Aug 2023**

- Mentored **60–70 BS, MS, and PhD research students** from multiple disciplines (Mathematics, Physics, Chemistry, Geology, Space Science, etc.).
- Guided students in **research methodologies, Python programming, Machine Learning, and Artificial Intelligence applications** across diverse domains.

Senior Lecturer of Computer Science – The Punjab Group of Colleges, **Sept 2022 – May 2023**

- Taught **Operating Systems, Databases, C, C++, Visual Basic, and IT fundamentals** at **college and university level**
- Delivered lectures, labs, and supervised student projects to strengthen programming and system-level knowledge.
- Contributed to curriculum development and exam preparation for undergraduate Computer Science modules.

Lecturer of Computer Science – The Noor Wings Cadet College, **Aug 2019 – Mar 2020**

- Delivered **core Computer Science modules** (C, C++, Databases, and IT foundations).
- Mentored students in programming fundamentals and final-year project preparation.

Education

University of Hertfordshire, MSc Data Science with Advanced Research work **(Sep 2023 - Sep 2025)**

- Dissertation: Conducted a comparative analysis of the **Westlake 7.2B** language model fine-tuned using **QLoRA** and **IA³** under the **PEFT** framework. Evaluated models on emotional intelligence benchmarks. I got a **distinction** in the MSc Data Science with Advanced Research

Bachelor of Computer Software Engineering – *Foundation University, Islamabad* **(Sep *2015 – Sep 2019)***

- Final Year Project: *Event Halls Recommendation System* (Collaborative & content-based filtering).

Intermediate (F.Sc – Pre-Engineering: Maths, Physics, Chemistry**)** **(Sep 2012 – Sept 2014)**

Matriculation (Maths, Physics, Chemistry, Computer Science) **(Sep 2010 – Sept 2011)**

Additional Training and Certification

- **Huawei: Big Data – HCIA-AI BIGDATA V2.0**
- **Microsoft: AI-900 Azure Fundamentals**
- **PSEB & P@SHA (Softoo): MERN Stack Development Bootcamp**
- **Punjab University Lahore (NAVTTAC): Associate Artificial Intelligence (Machine Learning/Deep Learning)**

Awards

- **Commendation from Dissertation Evaluation Panel:** University of Hertfordshire (2025) for outstanding research on Westlake **7.2B fine-tuning** with **QLoRA** and **IA³** using **PEFT**.
- **Employee of the Month:** Kyaas Solutions (Aug 2023) – Recognised for successfully leading the ML team in delivering a high-profile client AI project ahead of schedule.

Extra-curricular activities

Global Politics, Cricket, Tech

Languages

- **English** (fluent)
- **Urdu** (Native)

Interests & hobbies

- **Book Reading:** Regularly read technical, historical, and non-fiction books to expand knowledge and critical thinking skills.
- **Travel:** Visiting mountains, high peaks, and serene locations for relaxation and inspiration.
